RE: BERRETT v. Fung

Dear Dr. Polsky:

I wanted to let you know that the Court of Appeal has granted Mr. Berrett a new trial on the issue of pain and suffering damages only. You may recall that with your assistance we prevailed at trial only to have the jury award a couple of thousand dollars in medical bills and nothing in pain and suffering.

The Court of Appeal agreed with my argument that it was outrageous to award nothing to a young man bitten in the penis by an angry dog.

I am attempting to get a settlement in the neighborhood of \$30,000 from the insurance company but they are, as usual, unwilling to give the slightest credence to our position.

Thank you again for your assistance with this case I have referred several attorneys to you and hope that your practice is thriving.

Sincerely,
WATKINS & WATKINS

J. Brian Watkins
